Education

Jadavpur University

Kolkata, West Bengal

Bachelor of Technology in Information Technology

2024 – 2028

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Object-Oriented Programming
- Computer Networks
- Software Engineering
- COA

Technical Skills

Languages: Java, C++, C, SQL

Backend Technologies: Spring Boot, Spring Security, RESTful APIs, Hibernate, Servlets, JSP

Frontend Technologies: React.js, HTML, CSS, Bootstrap, Tailwind CSS, Thymeleaf

Databases: MySQL

Tools & Platforms: Git, GitHub, Maven, Apache Tomcat, STS, IntelliJ IDEA, VS Code

Projects

E-Commerce Website | GitHub | *Spring Boot, Spring Security, MySQL*

- Built a full-stack e-commerce web app with secure authentication and role-based authorization using Spring Security.
- Implemented product management, shopping cart, and order processing functionalities.
- Integrated email services for password reset and order status notifications.
- Implemented pagination to optimize product browsing and improve application performance.

E-Notes Application | GitHub | *Spring Boot, Spring Security, MySQL*

- Built a secure note management application with user registration and authentication.
- Implemented CRUD operations for personal notes with role-based access control.
- Designed responsive user interfaces using Thymeleaf and Bootstrap.

Personal Portfolio Website | Live | *React.js, Tailwind CSS, Vite*

- Developed a responsive personal portfolio website to showcase projects, skills, and coding profiles.
- Built reusable React components and designed modern user interfaces using Tailwind CSS.
- Integrated EmailJS to enable contact form functionality and direct email communication.
- Deployed the portfolio website using Vercel with continuous updates via GitHub.

Online Expense Tracker | GitHub | *Hibernate, JSP, Servlets, MySQL*

- Developed a web application to manage and track daily expenses efficiently.
- Implemented Hibernate ORM for database interaction and data persistence.
- Added expense categorization and transaction history management features.
- Designed responsive user interfaces using JSP and Bootstrap.

Coding Profiles

LeetCode: 1800+ Rating | 300+ Problems Solved

Codeforces: Expert | 1600+ Rating

CodeChef: 1500+ Rating

Training

- Participated in the Stellar Soroban Smart Contract Bootcamp focused on blockchain and smart contracts.
- Developed smart contract applications using the Soroban framework.
